### Spring 2019

---

So far, 2019 has been a fun year for the Club. January started off with a business meeting in Jonesboro, where we received our Club Knives and learned that Dirk Loots and Alan Surls will make the 2019 Benefit Knife.

In the middle of January, we had a Club Gathering/Demonstration at Goat 'N' Hammer, Mark Hopper's shop in Atlanta. Mark forged a 3-pronged fork and Devin, an employee, forged a Bowie Knife.

Spring weather in April brought the Club back to the Log Cabin in Fayetteville to hold our 2nd knife show there. Inside the Cabin were tables of custom knives to purchase and various collections to view. On the grounds outside were forging and grinding demonstrations. "The Atlanta Mountain Man," aka Jerry Costin, moseyed around the event, admiring the handiwork of the collectors and makers.
